Although there are no specific balance requirements for WB Copy Trading, we recommend a minimum deposit of $50 to get started. Windsor Brokers also has a minimum deposit requirement policy for its accounts. The minimum deposit varies based on the type of account that you wish to operate.

Prime Account: Minimum recommended deposit $50
Zero Account: Minimum deposit $1,000

You can fund your account via Bank transfers, Credit Cards, Webmoney, Skrill, Neteller, and others (see our full list of payment service providers). Note: Certain payment service providers have restrictions and limits on the minimum deposit amount. Details are available on the Portal.
